

An American Baptist Region in the Delaware Valley

April 10, 2010

Dear Colleagues in Ministry:

As Co-Convenor of the **William T. McKee Memorial Consultation**, it is my pleasure to forward your copy of, "A Call to Engagement - Preliminary Report and Recommendations." We appreciate the time and expertise that you contributed to this effort. Your input and encouragement has been an inspiration to us all.

We hope that you will take the time to read and carefully reflect upon the preliminary findings. Of equal importance, we hope that you will be inspired to help increase the level of engagement within your organization in our common mission in American Baptist Churches USA. The Consultation members will do all that we can to assist the denomination in providing the resources requested and to connect with the mission priorities that you helped to delineate. We will call upon you to help in the implementation of the strategies that emerge from this study.

You will receive an evaluation form. Let us know how useful this document is to you and please don't hesitate to let us know if any corrections are needed.

With Gratitude,

The Rev. Dr. James E. McJunkin, Jr.
